

1. Station like K-Love and other christian stations help me get through the day.
2. Our community, your country would be effected if they replaced our christian stations, with some other station. (where family values is not not important. (hearing the work of god is important now, in this nations time of need)
3. Christian stations like K-Love are a public interest.  
(Our youth need us, to be a leader) Not lame dis-jockys talking about how they can get sex or using fowl words.
